SCHOOL SUCCESS SOFTWARE

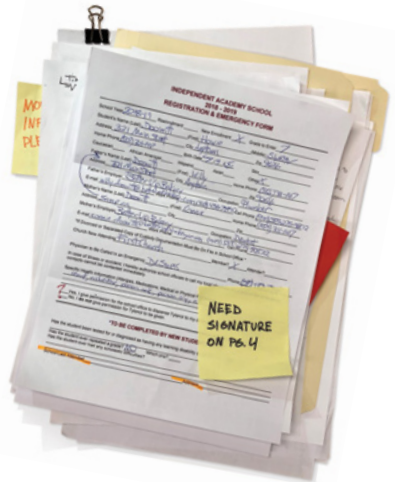

Help your private school thrive by conserving its most precious resource – time.

We understand how challenging running a school can be. Gradelink offers easy-to-use software to help your school run more efficiently, improve enrollment and fulfill its mission. Just how many man-hours per year could you save?*

Processing Admissions: *254 Hours Saved*

Use EnrollMe, Gradelink's online enrollment system, to cut hours of paperwork and improve enrollment. With a streamlined registration system on your school's website, parents can register securely at home or on the go. You can even set up a computer in your school office or open house to let eager parents register on the spot.

*Annual estimates, based on a school with 25 staff members.

Tracking Down Students:

45 Hours Saved

Instructors take attendance in Gradelink in just seconds, and attendance reports are available to the school office instantly. Principals and office staff can immediately see students marked tardy, absent, etc., and even make updates or corrections as necessary.

Grading and Standards:

1728 Hours Saved

Forget adding “another thing” to teachers’ project lists. Two clicks let teachers integrate standards with gradebook assignments, for effortless tracking of state, local or custom standards alongside traditional grades. Real-time reports show principals progress in every class.

Report Cards:

288 Hours Saved

There’s no more paper chase at report card time. Instead, teachers simply conclude their classes in Gradelink — two quick clicks for each class. Then, administrators can quickly print complete, school-wide report cards right from their browser.

Report cards can also be downloaded as PDF files for archiving or posted securely

online for parents. When you’re ready, activating the next term takes just seconds.

Keeping Parents Informed:

900 Hours Saved

Give families online access to homework, grades and attendance info. Keep parents informed with automated alerts, notify them about missed work, low grades, absences and behavior issues. Plus, enable families to pay tuition bills and submit volunteer hours.

Emergency Alerts: *Every Minute Counts*

Send text messages right from Gradelink to your entire school family. Record voice messages for mass phone broadcast to all families, even on landline phones. Handy features like custom lists, scheduling and history logs add even more convenience.

Managing a Typical SIS: *842 Hours Saved*

Replace your current system with Gradelink's comprehensive, user-friendly software. Training, top-notch support and updates are always included at no additional cost.

Implementation: *3-6 Weeks Saved*

Gradelink is 100% web based and runs on Macs, PCs and tablets. No special servers or complex software installation are required. For most schools, implementation takes less than a week.

Best of all, we'll handle the bulk of the setup, train your staff and provide friendly, knowledgeable support year round.
